Service Careers

Service Careers is designed to teach students the various skills necessary to be successful in the field of Custodial, Child Care and Horticulture. Students have the opportunity to explore various occupational areas that enable them to make informed career choices. Through this exploration, students develop a positive self-image, which enables them to gain the insight needed to develop in other career areas. By offering a "hands on" learning environment similar to that found in the work force, students learn job skills required for employment. Students also learn safety, communication, human relations, work ethics, and leadership skills. Eligible students are given the opportunity to participate in on the job training. This course includes Basic Skill Enhancement for all students who have not mastered a core academic area. These basic requirements are necessary to succeed in this program.
